

# PEDRO GONZÁLEZ-ANTA TORRENTS-FAURA

## ABOUT ME

I hold a Master's Degree in Advanced Programming for AAA Video Games, have developed using mainly **C++** and **C#**, and have actively contributed to various projects on **Unity engine** or **in-house engines**, including the successful release of a **game**.

Curious about my work? Take a look at my portfolio.

I thrive in **collaborative** team environments and am deeply **passionate** about programming and video games. My drive to continuously **learn** and improve in the field makes me a **valuable asset** to your project.
